NOTICE TO THE PUBLIC

Owing to my inability to lease the ground on which my store building now stands, I must sell out my entire stock, buildings, fixtures and furniture by September 25. Having only a short time to sell out I invite the public to come and see what I have. There will be many bargains picked up.

I also invite bids for the taking down of the buildings and their removal to another lot.

The buildings to be removed before the first of October. WILLIAM RYAN

Hollow Concrete Building Blocks

ADVANTAGES OF HOLLOW CON-**CRETE BUILDINGS**

Cheapness of construction; buildings warm in winter, cool in summer, dry ventilated walls, fire and dust proof; insurance is cheaper; requires no painting or repairs; blocks can be laid in the wall rapidly and require but little mortar; plastering may be done on the back of the stone, saving lathing: free from rats, mice or vermin; perfectly sanitary, resists rain and dries quickly, while solid walls remain damp.

=MADE TO ORDER DIMENSIONS: I use the Right Process, the Right Material and have the Right Kind of Blocks, also the Right Kind of Machinery. Estimates on Building Promptly Furnished. Call at

ELK'S EMBLEMS

The motion to discourage the wearing of the Elk teeth was overwhelmingly defeated at the Grand Lodge session in Philadelphia.

We carry an extremely large assortment of Elk emblems; everything from silver buttons to the most expensive diamond mounted charms for presentation pur-

For such members of the Fraternity that have a personal prejudice against the wearing of the teeth, we have special line of handsome charms and elaborate diamond-mounted buttons.
